## Instructions

1. Open your web browser and go to **sechelt.bc.libraries.coop**.
2. Select **Online Resources** on the Menu bar.
3. Click on **Complete List of Databases**.
4. You will be taken to the database list.
5. Select **Ancestry Library Edition**.
6. The Ancestry Library Edition Homepage will open.

## Tips and Tricks

- There are many different kinds of resources to explore aside from official records, such as: maps, photographs, church histories, & various directories.
- With Ancestry Library Edition, you can: search for records, download charts or forms, browse new collections, or search the message boards.
- To send a link to your email so you can download a document to your own computer, watch the video at: <http://bit.ly/1jwBChG>
- To keep your research at hand while on the road or visiting relatives, consider downloading the Ancestry.com app. The only drawback is that you can't link this to the Library edition, so you'll have to input any info you learn.

Download the Ancestry app on your mobile device to research on the go!
